- IMPORTANT: Interface may be installed in a Portrait or Landscape orientation. Pleae note the "TOP" of control prior to mounting.

WARRANTY

• Please see separate warranty documentation

COMPLIES WITH:

- This device complies with part 15 of the FCC Rules. This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s) and operation is subject to the following two conditions:
- (1) This device may not cause interference.
- [2] This device must accept any interference, including interference that may cause undesired operation of the device.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an output on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to FCC 15.21 of the FCC rules, changes not expressly approved by Delta Faucet Co. might cause harmful interference and void the FCC authorization to operate this product.
