- Eight user presets per profile
- AromaSteam, ChromaSteam and Audio controls
- Passcode to prevent unintentional use of steam bath
- Includes AromaSteam Steamhead
- Compatible with iSteam App
- Low voltage operation
- Popular music and video apps pre loaded

iSteamX

iSteamX Hub

The iSteam controls are designed to be installed inside or outside the steam room but is primarily installed inside the steam room. If the control is installed inside the steam room the control must be located:

- 4-5 ft. (1.2 – 1.5m) above the floor
- In a location representative of the desired steam bathing temperatures near the bather seating area. Do not locate the control above or near the steamhead or direct steam emissions.
- On a vertical wall

The control cable and the hub cable length are 30 ft. (9m) each. Insure that the control and/or steam generator are located accordingly. An optional 60 ft. (18m) cable versions are available if required. If the control is installed outside the steam room a Remote Temperature Probe Part Number MST5 must be installed inside the steam room.

FOR ILLUSTRATIVE PURPOSES ONLY. IMPORTANT NOTE: FOR SAFE AND TROUBLE FREE INSTALLATION

visit mrsteam.com before installation to download the Installation, Operation and Maintenance Manual or refer to the manual provided with the unit.
